Project Number: 2023-1-EL02-KA154-YOU-000143638

### INTRODUCING YOUTH PARTEQUALITY

We are excited to launch Youth PartEQUALITY, an Erasmus+ KA154-YOU project dedicated to empowering young people to actively participate in gender equality policy-making. The initiative aligns with the EU Youth Strategy 2019-2027, particularly Youth Goal #2: Gender Equality for All and Youth Goal #9: Space and Participation for Everyone. This project brings together youth, policymakers, and civil society organizations to foster meaningful participation in democratic life and promote gender-sensitive policies across Europe.

### Project Goals

#### Strengthening Youth Participation in Gender Equality Policy

- Engaging young people in shaping gender policies at the local, national, and European levels through structured dialogues and advocacy efforts.

#### Creating Platforms for Youth-Policymaker Dialogue

- Providing spaces for young people to discuss gender-sensitive policies with decision-makers and influence policy reforms.

#### Empowering Young People as Gender Equality Ambassadors

- Equipping youth with the knowledge and skills to become advocates for gender equality, fostering activism, leadership, and awareness campaigns.

#### Raising Awareness on Gender Equality Issues

- Organizing youth-led events, campaigns, and debates to educate communities on gender-related challenges and solutions.

#### Promoting Inclusive and Gender-Sensitive Spaces

- Ensuring that youth-led activities and policies embrace diversity, inclusivity, and intersectionality in all discussions and initiatives.
